On Wednesday, January 14, the AC Transit Board of Directors will hold a public hearing at 5:00 p.m. at 1600 Franklin Street, Oakland, to take public comment on proposed expanded, and revised service potentially affecting ten bus lines.

While AC Transit’s financial situation remains improving and ridership is growing, the District is taking steps to prepare for modest service increases, adding approximately 20,000 extra service hours to the 2012-13 annual cost. About half of these improvements are due to a decline in the amount of federal and state funding available, and the District is implementing other service improvements to reduce the need for fare increases.

Your input is invited.
