Fare Information effective January 1, 2016
Children 4 and under ride free. Everyone else must have a BART ticket.
BART tickets are like debit cards with stored value. When you take a BART trip, your fare is deducted from the ticket automatically until the stored value is used up. Fares are based on distance traveled. Fare charts are located beside each ticket machine. All BART stations have automatic ticket vending machines that accept nickels, dimes, quarters, and $1 coins, as well as $1, $5, $10, and $20 bills. You can also use credit and debit cards in select machines. When you enter BART, insert your ticket into the fare gate and it will be returned to you. Use the same ticket when you exit. The correct fare will be automatically deducted and tickets with remaining value will be returned. If your ticket has too little value, a sign on the fare gate will read “Underpaid. Go to Addfare.” A nearby Addfare vending machine will tell you how much additional fare you must add to your ticket to exit the BART system.
