JUNE SERVICE CHANGES

AC Transit conducts four sign-ups each year as required by the Collective Bargaining Agreement (CBA). These occur in March, June, August, and December. The District will implement the upcoming sign-up on June 18, 2017.

The June Sign-up will include the implementation of the first stage of Bay Bridge Forward – an initiative sponsored by the Metropolitan Transportation Commission (MTC) that will improve and increase Transbay bus service in the short term (1-2 years). The first stage will include frequency improvements for the summer on lines F, FS, G, J, and H to account for the seasonal increase in demand, primarily generated by student interns commuting to San Francisco.

The complete list of Summer Sign-up modifications are listed below:

- Supplemental school service will be removed for all 600-series lines for the summer.
- Supplemental trips will be removed from Lines 39, 51A, 72M, 76, 94, 95, 97, and 217 for the summer.
- MTC has funded additional trips on Transbay Lines C, F, FS, H, and J through Bay Bridge Forward.
- Line 33 will have frequency and reliability improved through additional trips.
- Line 29 will have two additional trips.
- Line 45 will have one trip removed.

C2 PUBLIC ENGAGEMENT

Clipper is the transit fare-payment system for the San Francisco Bay Area. Currently accepted on 22 public transit agencies, Clipper is responsible for fare payment for close to 800,000 transit trips each weekday, and a little more than half of the transit trips taken in the region. The Metropolitan Transportation Commission (MTC) manages Clipper on behalf of the participating transit operators.

The Clipper system has been in operation for 10 years. MTC and the transit operators are planning for the next generation of Clipper and are seeking input from the public. Previous research yielded feedback about preferences for fare media options (e.g., cards, apps, etc.), equipment, websites, accessibility, security and privacy, integration with other services, transit benefits, transit subsidy programs, customer service, account management and fees.

Based on this input and other research, MTC and the transit operators have developed a vision for a customer-focused, cost-effective, fare-collection system that supports a modern, seamless transit experience.

MTC and the transit operators are specifically seeking input from passengers with disabilities or mobility needs to determine how Clipper might be better able to serve them. Questions they are exploring include:

- How do people with different needs experience using Clipper?
- How comfortable is tagging a card to a card reader? Would another type of fare media (like a phone) be easier or more convenient?
- What do other services do to provide the most helpful accommodation?
- What would make using Clipper a better experience?

Any members of the public can also send an email to futureofclipper@mtc.ca.gov, leave voicemail at 415.778.6680 or write to MTC-Clipper Feedback, Bay Area Metro Center, 375 Beale St., San Francisco, CA 94105.

AC TRANSIT FARE CHANGES

NEW FARES EFFECTIVE JULY 1, 2017

For the first time since 2011, AC Transit will increase the cost of fares and passes on July 1, 2017. This fare change reflects an increase originally scheduled for July 1, 2016, but deferred by the AC Transit Board of Directors last year. A fare increase will help AC Transit cover rising inflationary costs and remain fiscally sustainable.

WHAT WILL CHANGE

- All Local and transbay Cash Fares
- All Clipper Local and Transbay Fares
- All 31-Day and Monthly Passes

BEST WAYS TO SAVE

The cost of a Day Pass will not change. It will still be the best way to travel on AC Transit if you’re taking more than two local buses in a day. The pass gives you unlimited rides in a day for a flat $5 fare. The cost for youth, seniors and people with disabilities will stay at $2.50.

Using Clipper is another way to save. You’ll still save on single local fares when you tag your Clipper card on the Clipper card reader.

HOW TO GET A PASS

AC Transit passes are available only with a Clipper card. With a pass on Clipper, you can save big when you ride two or more times per day, and you don’t need to carry exact change to get on the bus.

Clipper cards, and most passes, can be obtained at clippercard.com, by phone at (877) 878-8883, or at various retail outlets including Walgreens and Whole Foods Market.

The AC Transit & Clipper Customer Service Center at 1600 Franklin Avenue in Oakland can help you get your Clipper card and assist with the application process to obtain pass and fare discounts.

The Accessibility Advisory Committee (AAC) has developed its top priorities for 2016. The AAC approved the following as Top Priorities at the April 12, 2016 meeting:

- Advocate for the most equitable and accessible AC Transit service and equipment, and encourage AC Transit to be an industry leader in accessibility.

- Advocate for increasing State and Federal funding for public transit.

- Support and participate in driver training to ensure drivers are proficient, sensitive to the needs of seniors and people with disabilities, and help create an atmosphere that is welcoming all riders.

- Support and engage in activities to increase ridership of seniors, people with disabilities and young people on the fixed route transit system when appropriate. This includes general education to increase the public’s knowledge and understanding of the needs of seniors, people with disabilities and young people and a commitment of removing barriers throughout the transit system.
