Mr. Rick Fernandez,  
General Manager,  
AC Transit,  
1600 Franklin St.,  
Oakland, CA 94612,  
UNITED STATES

Dear Mr Fernandez

**Re: REPRESENTATION AT THE HyFLEET:CUTE CONFERENCE; HAMBURG, GERMANY; NOVEMBER 17-18, 2009**

As you may be aware, the HyFLEET:CUTE Hydrogen Bus Project is holding a final conference in Hamburg in November this year. This Project is the worlds' largest Hydrogen powered bus research and demonstration project and is supported by the European Commission. You can see more information on the project at <http://www.global-hydrogen-bus-platform.com>. This Conference will be the last opportunity at which people will be able to meet all the partners and stakeholders, and the first and only opportunity for people to hear all the results of the Project.

As well we will have some key speakers on related topics such as the European Joint Technology Initiative on Hydrogen and Fuel Cells, the German Government Minister for Transport, and, provisionally, senior European Commission officials

I would like to invite you to send a representative to participate in our Conference and be a member of two forums which we propose to hold. Mr Paul Jenne from Van Hool has accepted our invitation, and his contribution would be complemented if a person from your organisation, with first hand operational experience, could also provide information. We would also be very keen to hear information on the future plans of AC Transit in relation to Hydrogen buses.

I am pleased to say that I am able to offer assistance to you to send a representative of up to 800 Euros. This is provided through one of our sponsors.

In return we would ask your representative to

- Participate in the forums and make a presentation on the future plans of AC Transit; and
- Provide articles on the Conference to major United States hydrogen, fuel cells, and public transport forums

I would hope that you are in a position to take up our offer. I believe that it would be of great impact and benefit to you and your programme, and your participation would also be a significant draw-card to our Conference Programme.

You can find out more information about the Conference at <http://register.hyfleet-cute-final-conference.com/?id=805>. You will also find there a DRAFT Programme. This programme is constantly changing as we enhance the speaker representation and participation.

I look forward to your early favourable reply.

Yours Sincerely
