Consultant shall be solely responsible for reimbursing any subcontractors and the District shall have no obligation to them.

3. OWNERSHIP OF WORK
All reports, designs, drawings, plans, specifications, schedules, and other materials prepared, or in the process of being prepared, for the services to be performed by Consultant shall be and are the property of the District and the District shall be entitled to access thereto, and copies thereof, during the progress of the work.

In the event that the work, which is the subject of this Agreement, is not completed, for any reason whatsoever, all materials generated under this Agreement shall be delivered as the District may direct.

4. RECORDS
The Consultant shall permit the authorized representatives of the District to inspect and audit all data and records relating to performance under this Agreement. Consultant shall maintain all such records for a period of three (3) years after the District makes final payment under this Agreement.

6. TERMINATION FOR CONVENIENCE
The District may terminate this Agreement, in whole or in part, at any time for the District's convenience and without cause by giving the Consultant written notice of termination. The District may at any time by written order make changes within the Scope of Services described in this Agreement. If such changes cause an increase in the budgeted cost of or the time required for performance of the agreed upon work, the Consultant shall notify the District in writing of the amount of time and compensation adjustments that are required.

The Alameda-Contra Costa Transit District is a Special District, organized under the laws of the State of California, which provides public transit services to approximately 227,000 riders daily with a fleet of more than 600 coaches. The District’s service area extends from western Contra Costa County to southern Alameda County. The District has approximately 2,025 intern, temporary, and full-time employees and is financed through receipt of transit fares, property taxes, and state and federal funding.

B. PURPOSE OF REQUEST FOR PROPOSAL (RFP)

The purpose of this Request for Proposal (RFP) is to award a pool of between five (5) and ten (10) fixed-price/rate contracts to qualified contractors providing TEMPORARY PERSONNEL PLACEMENT SERVICES effective January 1, 2011, through December 31, 2013, with an option for two (2) additional one (1) year periods of service. Contract option periods will be exercised at the sole discretion of the District, with total contract services not to extend beyond December 31, 2015. This RFP outlines the Technical Specifications, Scope of Services, and describes what shall be included in responsive proposals. Contract awards will be based on the best overall proposals using a combination of technical information, cost, contractor qualifications and experience, analysis of listed evaluation criteria, and RFP responsiveness.

Temporary Personnel Placements will be requested throughout the contract period with no guarantee that requests for placements will be made to any one Contractor. At the District’s discretion, placements will be requested on an as needed basis, by the Program Manager, in accordance with page 20, Scope of Services, Exhibit 1, section E, Responsibilities and Procedures.

The Cost/Price analysis and award will be based on the Percentage Markup Rates across all disciplines contained in Exhibit 2 to the RFP. The single, flat, hourly percentage markup rate will be firm for the full contract period of performance, including any exercised option period.

For information in proposal preparation, note that a monthly average of $50,000 has been calculated as the spend use during the past three (3) year’s contract period. This figure includes all costs for a placement; including hourly classification rates, based on a cross cut of classifications, and agency/contractor fees.

The Certificates and Endorsements are to be signed by a person authorized by the insurer to bind coverage. The Certificates and Endorsements are to be on forms approved by the District. The Certificates and Endorsements are to be received and approved by the District prior to the commencement of any work under the Agreement. The District reserves the right to require complete certified copies of all required insurance policies at any time.

6. **Other Requirements**

a. Should any work under this Agreement be sublet, the Contractor shall require each subcontractor of any tier to comply with all of the Agreement’s insurance provisions and provide proof of such compliance to the District.

b. These insurance requirements are not intended to and shall not in any manner limit or otherwise qualify the liabilities and obligations otherwise assumed by the Contractor under this Agreement; including, but not limited to, the provisions concerning indemnification.

c. Compliance with these insurance requirements is considered a material part of the Agreement, and breach of any such provision may, at the option of the District, be considered a material breach of the Agreement, and result in action by the District to withhold payment and/or terminate the Agreement.

29. **EQUAL OPPORTUNITY/NON-DISCRIMINATION**

It is the policy of the District to ensure non-discrimination in the award and administration of all contracts and to create a level playing field on which minority and small/local businesses can compete for all District contracts. In connection with the performance of this contract, the Consultant will cooperate with the District in furthering the District’s policy.
30. **SMALL LOCAL BUSINESS PROGRAM**

AC Transit has established a Small Local Business Procurement Program (Board Policy 351) to ensure that small local business enterprises have a meaningful opportunity to participate in AC Transit’s procurements. AC Transit believes that a Small Local Business Procurement Policy can provide support to small local businesses and enable them to more effectively compete for AC Transit procurements, especially those businesses that have been at a disadvantage in the past. Under the current Policy, a Small Local Business is a business, which meets the U.S. Government’s Small Business Administration (SBA) size standard and is located within AC Transit’s geographical service area.

Contractors doing business with AC Transit are encouraged to utilize small local businesses in their subcontracts. Contractors responding to this solicitation shall complete and submit with their response, the Small Local Business Procurement Worksheet (attached to this solicitation), which indicates whether they intend to use small local businesses in the contract to be awarded, and, if so, the percentages of contract work to be allocated to small local businesses. Contractors can contact the Contract Specialist or Buyer assigned to this procurement for information on SLBE resources. (Exhibits 5 and 6)
1. **BACKGROUND**

   B. Current contracts do not contain contract dollar amounts. Placement rates are based on fully loaded hourly classification rates per placement as agreed upon at placement. Percentage Markup Rates were not the basis of awards.

   C. The majority of the placements for temporary staffing were in the recruitment/staffing division of the Human Resources Department and in the Payroll and Tax Divisions of the Finance Department covering placement classifications appropriate to the Department’s sphere of expertise.

2. **SCOPE OF SERVICES**

   A. Contractor is to provide temporary personnel placements, qualified by documented experience, training and/or education to perform work as required for AC Transit. The services will be required on an “as-needed” basis. The Contractor is governed by the agreed upon terms of the contract with the District.

   B. Work assignments will primarily be at AC Transit’s administrative offices at 1600 Franklin Street, Oakland CA. Alternatively, some of the placements may be located at AC Transit’s operating facilities, which are located in Emeryville, East Oakland, Hayward and Richmond, CA.

   C. Most assignments will require personnel to work normal business days, Monday through Friday, between 8:30am – 5:00pm. Assignments may occasionally require personnel to work in the evenings on weekends, and on holidays.

   D. Most assignments will be short-term. Positions in which individuals can be employed for as long as six (6) months given emergency or unplanned needs such as peak workload, special project, or other short-term work that does not recur and is not intended to continue year to year.

   E. Time-limited assignments: Time-limited work that is anticipated to be greater than six (6) months but not more than one (1) year. Often these are projects where the District needs an unusual skill set not generally
held by regularly appointed District employees; or for the long-term absence of a regularly appointed employee because of disability time loss, military leave, or an authorized medical leave of absence.

F. Temporary employees assigned to the District are not authorized to act as District employees for the purpose of signing contracts, checks, or binding agreements.

3. RESPONSIBILITIES and PROCEDURES

A. Work Order Process - All work orders for temporary personnel placements must be placed by the AC Transit Human Resources (HR) Department Program Manager. CONTRACTOR IS NOT TO ACCEPT UNAUTHORIZED PLACEMENT REQUESTS DIRECTLY FROM A HIRING DEPARTMENT. HONORING DIRECT HIRING DEPARTMENT REQUESTS WILL ENDANGER CONTRACTOR PAYMENT.

B. Placement Ordering Procedures

The District does not guarantee utilization of a contract.

1) The District intends to build a pool of eligible, qualified and competitive contracts. District Hiring Departments will select placements from the pool of contracts. The Hiring Department, in coordination with the Program Manager, can select one Contractor for use, or select from the broad pool of Contractors. Decisions will be based on required referral skill sets, skill levels, experience, familiarity with a project, physical requirements, licensing requirements, and other qualities determined desirable to meet District requirements. All placement requests must be filled consistent to pricing and terms stipulated within the contract.

The need for temporary personnel placements varies in scope, volume, and urgency. Therefore, the Contractor shall provide the District with qualified temporary personnel placements within one (1) business day of the temporary personnel service requests for lower-level positions; and, whenever possible, within two (2) business days for higher level professional positions.

2) The District will make available to the Contractor all documents, such as position classification descriptions, as needed by the Contractor to locate qualified placements. All such materials shall remain the property of the District and shall be treated as
confidential unless otherwise specified. All such materials shall be returned to the District at contract termination or at such other time as the District determines appropriate.

3) Placement orders will be dispersed among the contractors, based on which contractor can provide what is needed by the District.

C. **Minimum Qualifications Review** - Contractor shall screen and test all personnel referred to AC Transit for temporary assignments, pursuant to AC Transit’s test criteria and pre-employment standards, before placement is made. Minimum Qualifications are a requirement of all District positions (classifications) and are not restricted to any one classification such as Administrative Personnel.

D. **Recruitment Search, Advertising, Networking, Screening** - Contractor will identify three (3) to five (5) candidates from his or her own network, usually within one (1) business day of the request, to be interviewed by an AC Transit Hiring Manager **AS COORDINATED WITH THE HUMAN RESOURCES DEPARTMENT**. Contractor will pay for any necessary advertising and marketing necessary to acquire finalists. Contractor will ensure availability and interests of candidates, and review credentials of each applicant based on resume, referral sources, and telephone interviews. Contractor will require that all candidates disclose all misdemeanor and felony convictions at and beyond the age of 18.

E. **Monitoring and evaluation.** The following are required aspects of monitoring and evaluation:

- Program Observation – Human Resources Program Manager will periodically review the program to determine if program operation is generally consistent with requirements of the District.

- Timeliness invoice submission – In coordination with the Hiring Department, the Human Resources Program Manager will review invoicing timeliness and procedures to ensure compliance with contract terms.

- Hiring Department Satisfaction – Human Resources Program Manager will review Contractor performance and quality of referrals.
SCOPE OF SERVICES – EXHIBIT I

- Program Plan and Monitoring Evaluation Results will be coordinated with Contractor, on an as needed basis.

F. Final Reference Checks - Contractor will complete a detailed reference check of each of the finalist candidates. A minimum of three references must be checked for each finalist.

G. Timecards - Contractor shall submit timecards to AC Transit Hiring Department on a weekly basis for approval with a copy to the District’s Program Manager. Contractor shall provide computerized billings on a monthly basis. Times for submission will be coordinated between the Hiring Department, Program Manager, and Contractor. A copy of the approved timecards shall be submitted with the monthly billing. Timecard invoices can be submitted weekly or other timeframe, as coordinated with the Program and Hiring Department Managers.

H. Termination of Candidate’s Employment – AC Transit reserves the option to terminate any placement at will.

I. Status Reports – Contractor will provide status reports on a monthly (or other agreed to) basis to the District’s Program Manager in a format approved by AC Transit Program Manager. Status reports shall include the EEO statistics of placements; the date the request was made; the date of placement; length of placement; cost of placement; job title of placement; hourly billing rate paid; department where placement was made, and the name of the requestor.

J. Optional permanent hiring of temporary personnel placement - Contractor will allow AC Transit the option of converting temporary employees to permanent hires after 90 days of employment, at no cost to AC Transit.

K. Scope of Positions – AC Transit is requesting temporary personnel placement services in one or more of the areas listed under item L, below.

L. Scope of Positions – AC Transit is requesting temporary personnel placement services in one or more position classifications listed below. Given the urgency and diversity of the services required, more than one Contractor may be selected to provide services in any one classification.

In the years 2007 – 2009, temporary personnel placement use resulted in the following average annual hourly use of temporary services by the
SCOPE OF SERVICES – EXHIBIT I

listed major departments (figures are estimates and are rounded for convenience):

- Information Technology (7,000 hours)
- Executive Office (5,800 hours)
- Personnel and HR Management (4,500 hours)
- Materials Management (3,400 hours)
- Payroll (3,100 hours)
- Administrative and District Secretary (2,200 hours)
- Labor Relations (1,800 hours)
- Accounting (1,700 hours)
- Claims, Treasury, Grants, Contracts and Budget combined (3,000 hours)

Note: Past temporary service use is not a guarantee of future use. The above information is provided for Proposer convenience in proposal preparation. Over the past three years (2007 – 2009), the need for temporary personnel placements has resulted in an average monthly expense of approximately $50,000 per month to user Departments.

There is no guarantee of a $50,000 average monthly spend. The District will require placements on an as needed basis, which may be more or less than the $50,000 average; or, no placements at all depending upon the need.

Almost seventy percent (70%) of the total temporary personnel were placed in the high five (5) Departments listed above, and approximately another fifteen percent (15%) were placed in remaining departments (not all are listed).

Each position classification candidate is expected to differ in skill levels, experience and training/certification. The best-selected candidate will be paid at current market rates. Each potential placement will be evaluated on skill levels, experience and training/certification as assessed against the hourly rates, provided below. The listed hourly rates are considered price benchmarks for determining a fair value rate considering suitability and price for each individual placement. A flat hourly rate benchmark is required, not a pay rate range. This is a classification benchmark price chart and must be completed by Proposers. Individual position classification hourly rates will be negotiated during the life of the contract as placements are requested. Based on historical trends, data, information and experience provide a best-projected hourly rate on each position classification for each year of the contract. Hourly rates are not considered fixed, but are a benchmark from which to negotiate actual placement rates at the time of a placement request.

AC Transit has established a Small Local Business Procurement Policy (Board Policy 351) to ensure that small business enterprises, which are located within the District’s geographical service area, have a full and equitable opportunity to participate in the performance of the District’s contracts, subcontracts and other procurements. Under the District Policy, a Small Local Business is a business with a principal place of business located within AC Transit’s geographical service area and which meets the U.S. Government’s Small Business Administration (SBA) size standard.

Contractors doing business with the District are encouraged to utilize small local businesses in their subcontracts. The District’s on-line vendor registration process identifies the name, address, small business status, ethnicity, and gender ownership of a business facilitating the generation of a Small Local Business bidder’s list.

No preference, special consideration, extra points etc. will be given for Small Business Enterprise (SBE), subcontracting; however, the District strongly encourages SBE subcontracting whenever possible. A Proposer responding to this RFP is not required to be SBE certified through an authorized certifying agency.

Proposers are asked to complete the following questions and submit with their proposal, indicating whether they intend to use Small Local Businesses in the contract to be awarded, and, if so, the percentages of contract work to be allocated to Small Local Businesses.
