VI. PROCEDURES:

1. Temporary help may only be used to fill a classified, budgeted position that has been or will be vacant for 30 calendar days. Any exception to this policy must be approved by the General Manager.
2. Department Managers or supervisors requesting temporary help will submit a "Temporary Help Request" form through the required channels as noted on the form.

3. The Human Resources Department will contract for temporary personnel with a personnel service agency and submit a copy of the signed contract to Administrative Projects for tracking.

5. Temporary vacancies will be limited to no more than (6) months.

6. The Administrative Projects Department will monitor the contract and inform the Human Resources Department two weeks in advance of the expiration date of a contract. As a control measure, the Human Resources Department will establish a tickler file to track termination dates for temporary employees. The Human Resources Department will then notify the appropriate Department Manager of the impending termination date of a temporary employee. Additionally, the Position Control Summary Report will reflect the status of temporary employees.

7. Effective December 31, 1987, all current temporary personnel assignments will be terminated. The Human Resources Department will notify all affected employees of this new policy.

8. When it is determined that the temporary assignment will end, the personnel service agency will be given two weeks' notice by the Human Resources Department.

9. Temporary Help can be terminated for any reason at the discretion of the Department Manager even though the assignment is still open. If this occurs, the Human Resources Department will replace the terminated individual.
