*You* Learn From the Experts

Experts Listen to *You*

You Leave Empowered to Give Effective Feedback

# Timeline

Hearing	Purpose	Date
1	<ul style="list-style-type: none"><li>• Education</li><li>• Public input</li></ul>	September 6
2	<ul style="list-style-type: none"><li>• Public input</li><li>• Initial direction</li></ul>	September 13
3	<ul style="list-style-type: none"><li>• Review plans (public &amp; draft)</li><li>• Provide additional direction</li></ul>	October 4
4	<ul style="list-style-type: none"><li>• Review or further revise plans</li><li>• Select final plan</li></ul>	October 25
5	<ul style="list-style-type: none"><li>• Introduce ordinance</li></ul>	November 8

# Three Phases

---

## **Phase I:** Before draft plans:

- September 6
- September 13

Input on communities of interest, existing lines, and potential changes

## **Phase II:** After first draft plans:

- October 4
- October 25

Chance for feedback, suggested revisions, and alternate plans.

## **Phase III:** After select final plan:

- November 8

Introduction of ordinance

# What is Redistricting?

5 Directors currently elected from wards. 2 at-large

Redistricting the act of redrawing those lines

Normally done to reflect shifts in populations over time

In this case so all 7 Directors will be elected by wards

How those lines are drawn affects how people are represented

# Why Redistrict?

---

**Evolving Rules:** Federal/state law continue to change. Both through legislation and the courts. California Voting Rights Act

**New Data:** While Census conducted once a decade, other data sources updated annually

**Public Input:** Communities change over time. New opportunities to engage public

# Current Lines (5 Wards)

#	Population <sup>^</sup>	
	Total	Deviation
1	314,635	+0.0%
2	313,701	-0.3%
3	315,567	+0.3%
4	314,801	+0.1%
5	314,278	-0.1%

Total 1,572,982

Ideal 314,596

<sup>^</sup> 2020 Census Redistricting Data.  
Unadjusted for incarcerated populations

# Current Lines (7 Wards)

#	Population <sup>^</sup>	
	Total	Deviation
1	315,268	+40.1%
2	314,269	+39.6%
3	316,393	+40.6%
4	315,168	+40.0%
5	314,500	+39.7%
6	0	-100.0%
7	0	-100.0%
Total	1,575,598	
Ideal	225,085	

<sup>^</sup> 2020 Census Redistricting Data.  
Adjusted for incarcerated populations

# Current Lines

#	Asian Citizen Voting Age Population <sup>^</sup>			
	2015-2019 <sup>+</sup>		2019-2021 <sup>*</sup>	
	#	%	#	%
1	36,130	18.3%	37,524	18.5%

# Relevant Laws

---

U.S. Constitution

Federal Voting Rights Act

State Constitution and Code

Case Law

# Defining Neighborhoods

---

**1<sup>st</sup> Question: What is your neighborhood?**

**2<sup>nd</sup> Question: What are its geographic boundaries?**

**Examples of physical features defining a neighborhood boundary:**

- Natural neighborhood dividing lines, such as highway or major roads, rivers, canals and/or hills
- Areas around parks or schools
- Other neighborhood landmarks

**In the absence of public testimony, planning records and other similar documents may provide definition.**

# Election Code 22000

## Community of Interest:

Sharing common interests.  
Bringing like people together  
for representation

Minimize splits of communities  
of interest into different wards

Law generally does not limit  
the kinds of interests that may  
bind a community

## Split Community

# Election Code 22000

**COI Examples:** Common assets like schools and shopping areas, housing, culture and language, and employment

Can consider existing data such as public transit routes

No definitive dataset

**Split Community**

# Beyond Neighborhoods: Defining Communities of Interest

---

## **1<sup>st</sup> Question: What defines your community?**

- Geographic Area, plus
- Shared issue or characteristic
  - Shared social or economic interest
  - Impacted by district policies
- Tell us “your community’s story”

## **2<sup>nd</sup> Question: Would this community benefit from being “included within a single district for purposes of its effective and fair representation”?**

# Your Turn - Neighborhoods

---

**What is your neighborhood and what are its boundaries?**

**What are other notable areas, and what are their boundaries?**

# Your Turn – Communities of Interest

---

- Who is a part of your community?
- What are some meaningful places your community recognizes or gathers at?
- What are some common concerns you share with a group?
- What are some common cultural characteristics that unite a community?
- What are common work-related traits that bring a community together ?
- What is significant about the physical environment?
- What areas benefit from staying together in a district?

*Your thoughts and ideas will become part of the record and be recorded / written down*

## Different tools for different purposes

## Different tools for different levels of technical skill and interest

- Community of Interest Tool
- Print Plan Submission Worksheet
- Plan Submission Excel
- Online Mapping Tool

Whether you use the powerful (but complicated) online mapping tool, Excel, the paper kit, or just draw on a napkin, we welcome your maps!

# Demo Tools on Website

## DistrictR

- Simple online tool that allows you to “paint” your neighborhood, community of interest, or a ward map (No account or login is required to access)
- Follow the [DistrictR User Guide](#) for instructions on how to draw and save your map
- Once you have drawn your map, click the “Share” button for your map to be saved to the public gallery

**Draw Map**

## Draw a Map with Excel

- Instructions on how to draw a population balanced ward map
- Map of AC Transit District service area for you to draw your ward boundaries
- Space on plan creator worksheet tab to describe your map

**Draw Map**

## Draw a Map on Paper

- Instructions on how to draw a population balanced ward map
- Map of AC Transit District service area for you to draw your ward boundaries
- Space to describe your map

**Draw Map**

[FAQs](#)

## What is Ward Redistricting?

The redistricting process aims to change AC Transit's existing election system. Currently, there are five wards and two at-large seats on the District's Board of Directors. However, this process will shift to a new system with seven wards for elections, and the at-large seats on the Board will be removed. This means that each ward will represent a smaller population within a single ward.

This transition is expected to be phased in over the 2024 and 2026 election cycles. Unlike the 2021 redistricting process, which occurred every ten years to readjust the population distribution among the five wards after the U.S. Census, the present process involves a distinct change. This change includes the addition of two new wards as part of the shift towards a seven-ward election system.

To find out which of the current five wards you live in go [here](#).

# Slides for Reference

---

# Equal Population

**Equal Population:** "As far as practicable"

Exact: no. Good faith: yes

**Deviation:** Difference between actual & ideal size

10% no longer clear "safe harbor"

California provides adjusted data for incarcerated populations

# 14<sup>th</sup> Amendment & Voting Rights Act

**Race:** Must not be the  
“predominant” factor

Can consider along with  
traditional, race-neutral, criteria

Traditional criteria must not be  
subordinate

**Vote Dilution:** Avoid depriving  
minority voters of an equal  
opportunity to elect a candidate  
of their choice

Discriminatory intent not  
required, only effect

# Voting Rights Act

## Gingles Criteria:

1. The minority group must be sufficiently large and geographically compact to constitute a majority in a district
2. The minority group must be politically cohesive
3. The white majority votes sufficiently as a block to enable it to usually defeat the minority's preferred candidate

### Cracking

Dispersing into several districts such that a block-voting majority can routinely outvote

### Packing

Concentrating to minimize influence in other districts

# Voting Rights Act

#	CVAP <sup>+</sup>
	Asian*
1	18.5%
2	21.9%
3	20.9%
4	29.2%
5	48.9%
Total	27.4%

+ Adjusted 2017-2021 American Community Survey  
Special Tabulation

\* Calculated pursuant to OMB BULLETIN NO. 00-02

# Election Code 22000

---

**Contiguity:** All parts should be connected

Special cases such as islands

**Non-Contiguous**

# Election Code 22000

**Compactness:** Be aware of shape and appearance

More

Less

# Election Code 22000

---

## Topography and Geography:

Natural and man-made barriers  
and boundaries

Not always compact

Compact, But...

# Things to Remember

---

**Strive for population equality.** Be prepared to justify deviations

**Ensure compliance with federal Voting Rights Act.** Avoid vote dilution where required

**Do not use race as the predominant factor.** Only as one of many factors and cannot subordinate other redistricting criteria

**Focus on traditional criteria.** Draw compact, contiguous divisions, making use of existing topography and geography, while respecting communities of interest

# Census Data

---

**Census:** Conducted every ten years.

Purpose is to count every person

Used to determine if populations are equal

Reported by census blocks

**ACS:** Monthly sample averaged over five years

Purpose to estimate a more detailed demographics

Used to determine compliance with Voting Rights Act.

Reported primarily by census block groups or tracts

But California breaks down CVAP data to census block

# Census Geography

Type <sup>+</sup>	#	Average Pop
-------------------	---	-------------

Block	16,819	94
-------	--------	----

Block Group	1,115	1,413
-------------	-------	-------

Tract	370	4,258
-------	-----	-------

*+ Includes Block Groups and Tracts only partially within the jurisdiction.*

# Slice Geography

Type	#	Average Pop
------	---	-------------

Slice	150	10,504
-------	-----	--------

**Slices:** Combination of county, city, census, other understandable boundaries, and existing plan

Used to lower barriers to public redistricting plans

# Public Input

---

## Communities of Interest:

- Where is it located?
- What is the mutual interest of the community?
- Why should it be kept together?

Online interactive and printable worksheet

## Plans:

Online interactive using blocks

Printable worksheet and interactive excel using slices

Basic demographics, PDF, interactive map, and GIS files produced for all plans
